Professional Summary

I seek to apply my skills in software development and AI technologies to deliver innovative, efficient, and scalable solutions, while continuously enhancing my expertise and upholding industry best practices.

Technical Skills

Languages: Java, HTML, CSS, JavaScript, Python

Frameworks and Libraries: MERN, React.js, Node.js, Express.js, Bootstrap

Database: MongoDB, MySQL

Version Control: Git & GitHub

Professional Experience

IIT BHU (Eisystems Systems associated with Technex) [Link](#)

Sep 2025 – Nov 2025

AI and ML Intern

Lucknow, Uttar Pradesh

- Worked on supervised and unsupervised machine learning models using Python libraries, gaining hands-on experience in data preprocessing and model evaluation. Developed an ML-based Spam Classifier system using Naive Bayes classification with a Streamlit interface, achieving 70% accuracy.

Code Alpha InfoTech [Link](#)

Jan 2025 – Feb 2025

Full Stack Development Intern

Hyderabad, Telangana

- Built and optimized MERN-stack application with secure backend integration and scalable REST APIs. Improved application efficiency by optimizing database queries and server logic, reducing response time by about 30% while contributing to end-to-end development including UI/UX, backend, deployment, and testing.

Projects

Real Time Communication Platform [Link](#)

May 2025

- Designed, developed, and deployed a scalable real-time communication platform using WebRTC, Socket.io, and MERN stack, enabling secure JWT authentication, low-latency video/audio communication, screen sharing, and real-time messaging through RESTful APIs.

Blood Management System [Link](#)

June 2024

- Built a Blood Management System with role-based authentication and a responsive UI for donors, recipients, and administrators. Designed an admin dashboard with data visualization, CAPTCHA integration, and deployed the system for real-world use.

Education

BBS College of Engineering and Technology

Sep 2023 – Present

Bachelor of Technology in Computer Science (Aggregate Percentage: 86%)

Prayagraj, Uttar Pradesh

Government Polytechnic Jaunpur

Aug 2020 – Jun 2023

Diploma in Computer Science and Engineering (Percentage: 81%)

Jaunpur, Uttar Pradesh

Certificates

- MERN Stack Training – Apna College | Dec 2025
- Network Security Bootcamp – MNNIT Allahabad | May 2024
- Java Basics – Hacker Rank | Jan 2024
- Data Structures & Algorithms – Apna College | Nov 2025
- Web Design Certificate – FreeCodeCamp.org | Mar 2024
- Outstanding Performance – Softpro India | Aug 2022

Extracurricular and Achievements

- Solved 200+ DSA and SQL problems on HackerRank and LeetCode [Link](#) Ongoing
- Code War Hackathon Winner, Codtech It Solutions [Link](#) Feb 2025
- State Level Sport Participation, Dr. A.P.J. Abdul Kalam Technical University [Link](#) Nov 2024
- Placement Coordinator, BBS Group of Institutions [Link](#) Apr 2024
